

📅 December 10-12, 2026 📍 EEE, BUET, Dhaka, Bangladesh 🌐 icece.org.bd

The International Conference on Electrical and Computer Engineering (ICECE) is a pioneering international conference in the fields of electrical, electronic, communication, and computer engineering. It has been regularly organized biennially since 2001 by the Department of Electrical and Electronic Engineering (EEE) at Bangladesh University of Engineering and Technology (BUET). ICECE brings together researchers, academics, industry professionals, and policymakers from around the world to exchange ideas and present their latest research findings and experiences. The Department of EEE, BUET is pleased to announce the **14th ICECE 2026**, marking the **25-year milestone** of this prestigious conference series. Prospective authors are invited to submit original technical papers for presentation at the conference. Accepted and presented papers will be submitted for inclusion into IEEE Xplore, subject to meeting IEEE Xplore's scope and quality requirements.

Topics

The broad areas of interest include, but are not limited to
Track 1: Algorithms, Artificial Intelligence and Data Science
Track 2: Computer Systems, Networks and Security
Track 3: Signal Processing, Computer Vision and HCI
Track 4: Communication Systems and Networks
Track 5: Electronic Devices, Materials and Photonics
Track 6: VLSI, Nanotechnology and Microsystems
Track 7: Power, Energy and Smart Grid Technologies
Track 8: Robotics, Automation, Biomedical Engineering
Track 9: Emerging and Cross-Disciplinary Technologies
Detailed scopes of the tracks are available on the conference website.

Submission Guideline

Papers must be prepared using the prescribed template (PDF format, maximum 6 pages, A4 size) and submitted online through the Microsoft Conference Management Toolkit (CMT). Submission guidelines and templates are available on the conference website.
